KuBlack CS3K-MS HIGH EFFICIENCY MONO-PERC

Canadian Solar is happy to announce the launch of its innovative mono-PERC cell technology and the LIC (Low Internal Current) module technology, which enables our All-Black mono modules to reach a power range of up to 305 W.

KEY FEATURES

Higher power output thanks to low NMOT: 43 ± 2 °C

Higher module efficiency up to 18.36 %

Increased reliability thanks to lower hot-spot temperature

Lower BoS cost with 1500 V_{DC} system voltage

Low power loss in cell interconnection

linear power output warranty

product warranty on materials and workmanship

Power Range: up to 305 W

Cell: 120 x mono-PERC cell, 156 x 78 mm

Dimensions: 1675 × 992 × 40 mm

Weight: 18.5 kg

CANADIAN SOLAR INC. is committed to providing high quality solar products, solar system solutions and services to customers around the world. As a leading PV project developer and manufacturer of solar modules with over 20 GW deployed around the world since 2001, Canadian Solar Inc. (NASDAQ: CSIQ) is one of the most bankable solar companies worldwide.
